HOW 211 HELPS!

Google is a wonderful tool, but it is just that – a tool. When you call 211 Northwest Florida, you connect to a person. A live human being who is compassionate, has access to an up-to-date and vetted resource database, and has the creativity to problem solve. Like this caller recently found out:

A single mother in a rural county was struggling to pay her rent. She tried Google first and then tried 211. When she reached the 211 specialist, they couldn't find RENT assistance in her county. However, after a few questions and some quick thinking, there was assistance found in other ways. 211 Northwest Florida is here to help 24/7. Read the full story: uwwf.org/google211
